

Reinventing INDO-RUSSIA Relations

To 'achieve and sustain Leadership in Management Education, Research, Consultancy and Development' - FORE School of Management believes that the development of its faculty, particularly towards effective pedagogy, insightful research and consulting is critical for maintaining and further enhancing the FORE brand. In keeping with the FORE's tradition to encourage research among its faculty, FORE initiated International Faculty Development Program to build a strong team of faculty members who can together achieve greater individual and institutional goals.

In this Series, the 8th Faculty Development Program/Faculty Retreat was held from September 8-11, 2016 organized in Moscow and St. Petersburg, Russia. A group of thirty faculty members led by Shri R.C. Sharma (President FORE) and Dr. Jitendra. K. Das (Director FORE) had an enlightening experience during the tour. This program was organized in collaboration with Higher School of Economics, National Research University, Moscow. Deliberations in FDP generated lot of interest in Russian economy, BRICS grouping and Russia-India economic and political tie-ups. The learnings from fruitful interactive sessions in Russia of the FORE faculty has culminated in the form of various articles on aspects ranging from Russian culture, education, health to infrastructure, trade, financial institutions and corporate governance in Russian. The book 'Reinventing Indo-Russia Relations' contains twelve articles by the FORE faculty. These articles are a fine integration of different perspectives on Russia including finance, women, marketing, human resource and cyber world.
