

FORE School of Management, New Delhi

Empanelment of Industry Experts as Guest Faculty for Executive Education/Management Development Programmes (MDPs)

FORE takes pride in its professional and high-quality faculty, modern infrastructure, technology and resources in the fields of General Management, Human Resource, Finance, Operations, Communication, Marketing, Information Technology, Economics and International Business. The Institute played a pioneering role in the research work culture and performance orientation in developing societies, and in various management functions.

FORE has been consistently imparting training on topical issues in various functional areas of management for business managers and executives. The programmes are designed to provide innovative and practical solutions to critical management challenges.

FORE has a dedicated team of faculty members who undertake these assignments and deliver programmes all over the country as per the clients' requirements.

As the demand for such high quality programmes is growing each year, FORE is considering to create a panel of Industry Experts with strong domain knowledge and proven practical track record to engage them as Guest Faculty in different L&D initiatives/training programmes for its reputed clients. We require Guest Faculty having expertise in Communication, Personality Development, Leadership Development, Performance Management Systems, HR Analytics, Project Management, Supply Chain Management, Big Data Analytics, Deep Learning, Artificial Intelligence (AI), Design Thinking, Strategy, Financial Modelling, Indian Accounting Standards etc.

These guest faculty members will be called upon to contribute to our training programmes, as and when needed by us. The remuneration will be per session basis and will match the academic industry standards.

Interested candidates can fill-in their details in the format by clicking on the link @ <https://goo.gl/forms/ZHNTuixvNZwrFvt32>.

Those who are short-listed, will be communicated very soon to finalize their empanelment with FORE.
