

FORE School of Management, New Delhi

FORE Nexus

AY 2025-26

FORE Nexus organised four activities and events in the AY 2025-26. The activities are as follows:

1. Know Your Peers (KYP) & Know Your Seniors (KYS)

KYP is an interactive engagement activity that gives newcomers the opportunity to connect with their peers while creating fun and engaging videos that reflect their college experiences. These videos are later uploaded to the Nexus YouTube channel, and the one receiving the highest number of likes earns the Best Section accolade.

KYS, on the other hand, is designed to strengthen senior-junior interaction. Juniors receive clues to identify and locate their mentors, making the activity an enjoyable networking experience while fostering meaningful connections with senior students.

2. Freshers

The Freshers' celebration is organised to warmly welcome the newly admitted batch into the FORE family. The event aims to help juniors feel comfortable, included, and connected with their new environment. It also provides them with a platform to showcase their talents and leave a memorable impression. Performances such as poetry, singing, and dance form an integral part of the celebration. After multiple engaging rounds, students who stand out are honoured with the titles of Mr. and Miss Freshers, along with several other special recognitions.

3. Genesis

Genesis, the annual corporate-cultural festival of FORE School of Management, reached another milestone this year with an energetic and vibrant celebration. The two-day extravaganza brought together exceptional talent from leading B-schools, providing participants with a platform to showcase their skills and creativity.

FORE Nexus proudly organised the 3rd edition of Eleganza, the fashion showcase that welcomed participants from prestigious business schools and universities, adding colour and excitement to the festival. Months of planning, brainstorming, meetings, discussions, and coordination went into creating a successful event of this scale. This year's theme was "Metanoia Beyond Horizon".

4. Scribble Day

Scribble Day is a fun and nostalgic event organised by Team Nexus, where students come together to celebrate their journey and friendships before stepping into the next phase of their lives. Participants wear T-shirts that become canvases for messages, doodles, and heartfelt notes from their peers. The event fosters a spirit of camaraderie, allowing everyone to cherish shared memories and create lasting mementos of their time at FORE School of Management.

5. Farewell

Farewell is a vibrant celebration dedicated to bidding the graduating batch a warm goodbye and wishing them success in their future endeavors. The event features lively music, energetic dance performances, and memorable moments shared by students and faculty. A key highlight is the crowning of Mr. and Ms. FORE, along with other fun titles awarded through talent showcases and Team Nexus's social media voting, making the evening a memorable send-off for the seniors. However, due to unforeseen circumstances, the Farewell celebration was not conducted this year.
