

FORE School of Management, New Delhi
TEDxFORESchool
AY 2025-26

Team TEDx has organised the TEDxFORESchool 2026 event in the AY 2025-26.

The activities of the event are as cited below:

TEDxFORESchool 2026

At TEDxFORESchool, we believe that every meaningful breakthrough begins with a willingness to explore. In a world defined by constant change, curiosity has become one of the most powerful catalysts for growth, innovation, and transformation. Staying true to our mission of disseminating Ideas Worth Spreading, we continue to bring together diverse voices, perspectives, and experiences that inspire individuals to think differently and challenge the limits of what they believe is possible. **"XCEED BY XPLORING"**, our full-day institute event held on 28 February 2026, hosting up to 100 brilliant minds, showcases a theme open to diverse interpretations, and we look forward to sharing our unique perspective on it.

The ideas shared throughout the day explored a wide range of experiences, from turning humble beginnings into remarkable achievements and finding strength through adversity, to embracing uncertainty, redefining success, and discovering the value of lifelong learning. The discussions highlighted how exploration is not limited to physical journeys but also includes exploring new perspectives, challenging assumptions, nurturing creativity, and continuously evolving in an ever-changing world. Together, these stories demonstrated that exceeding expectations often begins with taking the first step into the unknown.

More than a series of talks, TEDxFORESchool 2026 served as a platform for inspiration, dialogue, and meaningful reflection. The event encouraged attendees to question conventional definitions of success, embrace diverse viewpoints, and recognise the power of curiosity in driving growth and innovation.
